

You're nearly there! ACADEMIC PROGRESSION PATHWAYS FOR YOUR CHILD

Assisting a child as they transition between different stages of their school life is a vital part of their overall well-being. Our Early Years journey begins at the age of three and until the age of six. By the age of five and six, a more structured and bridged programme will be introduced under Early Years 2 and Early Years 3. This will guide your child through the transition to Year 1 or Junior 1 at REAL Schools, ensuring they achieve the best possible learning outcomes from the Early Years.

Ahoy Kids! Let's

Explore & Learn more about the EARLY YEARS PROGRAMME

The Early Years Programme at REAL Schools is carefully designed with your child's development in mind in keeping with our mission to transform lives through education. We believe in the importance of early childhood education and that children learn best when immersed in a curriculum appropriate for their age and abilities.

Our Early Years Programme takes a thematic and holistic learning approach to lay a solid foundation for young learners to reach their full academic and non-academic potential. Our schools provide a nurturing, supportive environment that encourages children to be creative, curious, and self-confident.

The Early Years Programme is available to children aged 3 to 6 years old and offers a seamless transition between different stages of school life.

Welcome aboard!

Learn about our EARLY YEARS CURRICULUM APPROACH

The Early Years programme is based on thematic enquiry, in which children explore a given theme and learn more about it through questioning and evaluating the information they have received. Children will then select and apply the pertinent information they learnt accordingly.

A. THEMATIC EXPLORATION

Children can comfortably and freely explore their environment, designed to allow for natural development. Young learners develop and learn in various ways, at different paces and through a variety of approaches.

LANGUAGE & LITERACY

- Alphabet & Phonological Knowledge
- Reading
- Writing
- Attentive Listening & Speaking
- Comprehension

NUMERACY

- Simple Relationships
- Measurement & Data
- Counting
- Number Sense
- Shapes
- Colours
- Simple Spatial Concepts

S.T.E.A.M

- Science
- Technology
- Engineering
- Arts
- Mathematics

PERSONAL SOCIAL HEALTH AND EMOTIONAL DEVELOPMENT

- Model Positive Behaviour
- Reading
- Storytelling

B. CREATIVE AND AESTHETICS EXPRESSION (MUSIC AND MOVEMENT)

Physical development fosters children's movement

Kinetic abilities are enhanced while creativity is stimulated

Gross and fine motor skills development

C. MONTESSORI / CHARACTER EDUCATION

Opportunity to express themselves and engage in their surroundings

Planned activities that are practical in nature

Development of self-directed learning, concentration, and sense of responsibility

Ready for more adventure?

Let us walk you through **WHY EARLY YEARS**

Choosing between a kindie that provides caring child care and an early years education centre or school that provides a strong foundation for future academic success and progression necessitates careful consideration by many parents and is frequently influenced by several factors.

At REAL Schools, we believe that children who participate in the Early Years Programme simply increase their chances of success in school and later in life.

5 Reasons TO CHOOSE REAL SCHOOLS

1. SAFE AND SECURE ENVIRONMENT FOR YOUR CHILD

The children's safety and security are our utmost priority. Our Early Years centre is located in the campus proximity itself and guarded to ensure the safety of the children.

2.

YOUR CHILD WILL BE TAUGHT BY A TEAM OF EXPERIENCED TEACHERS

Our teachers are all highly trained, qualified, and experienced in working with young children. We understand that for many children, this is their first time away from their parents, and our caring teacher knows how to support them through the transition.

3.

SEAMLESS COMMUNICATION WITH PARENTS

We keep parents informed of their children's daily activities at school and in the loop about all communication.

4.

IMPROVED AND UPGRADED SCHOOL FACILITIES

The children will have access to and benefit from all of the school's facilities, which include upgraded sports facilities such as outdoor courts and a swimming pool, as well as a library with a cosy reading corner and many more.

5. EXPRESSIVE ARTS

We engage our young learners in their learning and instil their interest through various activities and learning materials, encouraging them to express their thoughts and feelings.
